Free Delivery.

Special attention is called to the free delivery system. This office has an efficient corps of carriers, whom the public can rely for the safety and dispatch of delivery. Business men in particular will find it greatly to their advantage to use this mode of receiving their mail.

Persons changing their residence will please notify this office. Such notification will insure the prompt delivery of all mail to the proper address. Strangers upon arriving in the city should leave their address at the post office.

The carriers' deliveries are made at 7, 8:30 and 11 a.m., and 2 and 5 o'clock, p.m., in the business districts; and at 8 a.m. and 2 p.m. in the outside districts. The collections are made at each delivery. A special collection is made for them at 8 a.m. and 8 o'clock p.m. on most days.

The carriers are retarded in the delivery of the early mail by business houses not being open, the people not up, &c. This can be remedied by business houses and others providing themselves some reliable box for the reception of mail from the carriers. A specimen box can be seen at this office.

Registers.

No additional charge will be made for printing the business card and "request to return," not exceeding four lines, across the end of any envelope, or for the insertion of a stamp, or for the insertion of a stamp window, when ordered in lots of not less than 500.
